Believe in the possibility of a world without violence

Thursday, November 13, 2014

## *Message From Our Executive Director*

*The past fourteen years have not been easy for Homies Unidos and its staff, but we have not turned our back to our community. We have continued to implementing our programs in schools and advocated for those families and children in our community affected by not only gang violence but by social and economic inequity they face every day.*

*We are deeply grateful to all of you, for your continues support and generosity that was provided by donating time and funds consistently during the last fourteen years. Please join us in our celebration and benefit on November 13, 2014.*

*We especially extend our heartfelt gratitude to our donors like; the Weingart Foundation, Threshold Foundation and Florence Azria who believed in us and stood next to us throughout these years. We expect to accomplish much more as we recommit ourselves with you next to us to continue helping our community heal from violence.*

*With Much Love and Appreciation,*

*Alex Sanchez  
Executive Director

Homies Unidos was founded in El Salvador in 1996 and expanded to Los Angeles, California in 1998. Our Mission is to defend the inherent right of youth, families, and their communities to pursue their dreams and achieve their full potential in a just, safe, and healthy society.

Through our Epiphany Project, Family Wellness, and an advocacy program, Libertad Con Dignidad; Homies Unidos has worked to end violence and promote peace in our communities by empowering youth and their families to become advocates for social justice rather than agents of self-destruction.
